WINES & SPIRITS

Wine Selection 2024

1979 ~ 2024

*Welcome to J C Kenny ~
A Wine and Spirit Company,
located in Galway in the West of Ireland*

***F**our decades ago - on 1st November, 1979 - J & C Kenny Ltd was founded by Jackie Kenny and his wife Carmel from a small store attached to their family home in Carnmore, Co Galway.*

The business quickly outgrew this premises, and in 1998, they moved to a purpose built warehouse unit in the Oranmore Business Park and have never looked back.

Now on the second generation Carmel and Jackie's three daughters; Cliona, Orla and Aoife have also been involved in the business for the past 11 years.

"Our parents instilled two core traditional values in us growing up in a family business, the first is that the customer must always be looked after and the second is that we are only as good as the team of dedicated people who work with us. Our success over the past 44 years has been driven by the wonderful team who we work alongside. They have all played a part in our success and that shows today, 44 years on."

Our mantra is and will always be to offer great customer service.

"What we've learned from the last 44 years is the importance of staying true to our values. They are what define J & C Kenny and have provided us with the success we enjoy now"

On behalf of everyone at J & C Kenny, thank you for your support over the years. We would not be where we are without you and we look forward to working with you over the next 44 years!

"44 years in business is no mean feat & whilst it is certainly a time to reflect, look back and celebrate it is also a time to look forward, something that we all at J & C Kenny will never stop doing... A very personal Thank You goes out to all staff and business partners."

We could never have remained in business for so long or achieved the success we have without our customers and amazing staff that make up the extended Kenny family.

Thank you and here's to another 44 years!

Austria-Hungary

Oz Clarke, wine expert and ambassador of Hungarian wine, sees a bright future for wines of Hungary on the international stage. Part of the reason, he thinks, is because young people don't want to drink the international grape varieties their parents drink - they are returning to the type of ancient varieties that Central European countries excel in.

The Caballo Loco Grands Crus were created by Valdivieso to show the different wines that are fundamental components of the iconic Caballo Loco wine. For this reason, specific wines from specific valleys were born, where each blend reflects the maximum expression of that valley. One can arguably see these wines as understudies for the 'true' Caballo Loco, but they are more than that, being quite superb - and full-throttle - wines in their own right, made with all the care, attention and know-how of the Non-Vintage 'solera' version.

Moldova

Vinaria din Vale represents the legend of a millenary passion for winemaking in the entire country.

It is commonly believed that, storks are birds that save lives, embodying the symbol of peace and freedom. During the battles of Stephan the Great, these birds were caring into their beaks grapes for the soldiers, while being trapped into the Slobozia Fortress lacking food and water for a month. Many people survived due to their efforts.

Storks have become since then the symbol of the nation, an important part of the winemaking history in Moldova. Nowadays, Vinaria din Vale is settled in this region where storks used to pick up the grapes for the soldiers in need. Moreover, our wines share mystical feelings of the ancient times in every bottle.

Crama Regala Sauvignon Blanc

La Poda Collection

A unique journey through Spain's best-known and up-and-coming wine regions and local grape varieties. La Poda is a collection of varietal wines that shows the diversity of Spanish wine, landscapes and terroirs, expressing the essence of each region and the typicity of each grape variety.

About the winemaker:
Almudena Alberca is the first woman in Spain to achieve the title of Master of Wine. After graduating in agriculture engineering, she continued her studies gaining a degree in oenology and a master in viticulture. Her first harvest was in New Zealand at Vidal Estate, part of the Villa Maria group. Since then she has travelled extensively through wine producing regions worldwide. Almudena is part of the current generation of Spanish oenologists with international vision.
